

Current Fees and Charges as at July 2020

Patients eligible for funded consultation fees are NZ citizens and permanent residents as well as people on a valid NZ entry permit covering two years (excluding visitors and student permits).

Under 13's are free, although extended consultations beyond 15min, requests for repeat medication prescription and extra procedures, like liquid nitrogen for wart removal, will all be charged an additional service fee.

Fees may vary from the above due to the complexity, extended consultation time, documentation and medical technologies used.
